

## REPORT ON A DAY WITH PARENTS

**Parents' Orientation Programme for Pre-KG and LKG Classes**

**Date: 05.08.2023**

The Parents' Orientation Programme for Pre-KG and LKG classes was held in our school to foster a positive relationship between parents and the school and to emphasize the shared responsibility for a child's growth and character building. The event took place with esteemed guest Dr. Bhuvaneshwari, Dean of Pondicherry University Campus, Karaikal.

The Correspondent began the event by stressing the importance of a positive relationship between parents and the school. He highlighted that both parents and the school play crucial roles in a child's growth and development. The Correspondent emphasized that parents should be aware of their responsibilities towards the school and should actively participate in their child's education journey. He said the ultimate purpose of schooling, is not only academic learning but also character building and the holistic development of each child.

Dr. Bhuvaneshwari, the Chief Guest, elaborated on the growth of literacy rates and its significance in fostering interest in learning among children. She spoke at length about the importance of providing a supportive and encouraging environment for children to develop a love for learning. Dr. Bhuvaneshwari emphasized that parents should not force their children into learning but rather allow them to explore and discover their interests gradually.

Following the speeches, an interactive session was conducted, allowing parents to ask questions, share their concerns, and seek guidance on various aspects of their child's education and growth. This session provided an opportunity for parents to have open discussions with educators and school administrators, enhancing the communication and understanding between the two parties.

The Parents' Orientation Programme for Pre-KG and LKG classes was a successful event that aimed to foster a strong partnership between parents and the school. The insights shared by the esteemed guests highlighted the importance of creating a nurturing environment where children can thrive academically and personally. The school and parents were reminded of their shared responsibility in shaping the future of the children.

150 parents of Pre-KG and LKG actively participated in the programme which was aimed in their child's education and personal growth, leading to a brighter and more successful future for the students.
