

# PARENT ORIENTATION PROGRAMME

Dear Parents,

Thank you for attending the recent training program on "Meeting School Expectations and Enhancing Home Behavior." We appreciate your participation and commitment to fostering a supportive and nurturing environment for your children both at school and at home. Below are the key points discussed during the meeting for your reference:

1. Don't Compare Your Children with Anyone
  - o Every child is unique and has their own strengths and weaknesses. Comparing them to others can damage their self-esteem and motivation.
2. Spend Quality Time with Your Children
  - o Engage in meaningful conversations and activities. This helps in transferring knowledge and building a strong parent-child bond.
3. Appreciate Whenever Possible
  - o Positive reinforcement is a powerful tool. Recognize and celebrate your children's achievements and good behavior to encourage them.

4. Avoid Complaining About Your Children in Their Presence
  - o Speaking negatively about your children in front of others can have a severe impact on their self-worth and emotional well-being.
5. Maintain a Good Relationship with Teachers and the Principal
  - o Collaboration between parents and school staff is crucial for addressing any issues and supporting your child's development.
6. Daily School Conversations
  - o Ask your children about their day at school regularly. This shows your interest in their experiences and helps you stay informed.
7. Lead by Example
  - o Children learn by observing their parents. Exhibit the behaviors and attitudes you wish to see in your children.
8. Establish Good Study Habits
  - o Create a conducive study environment and routine at home. This helps children develop discipline and a positive attitude towards learning.

9. Encourage Self-Discipline

- o Help your children create their own time schedules and encourage them to follow through. Praise them when they stick to their plans.

By implementing these strategies, we believe you can enhance your child's behavior and academic performance, ensuring a well-rounded development. We look forward to your continued cooperation and involvement in your child's educational journey.

Thank you for your attention and dedication.

Best regards,
