

ONGC PUBLIC SCHOOL NERAVY - KARAIKAL

The resource person Shri.Ravindiran ji from Vivekananda Educational Trust delivered a speech On Importance of Family Values: In our Indian societies, family values are essential because we mostly live in joint families. However, the structure of our Indian society is transforming into nuclear families than joint families. It is essential to realize the family values and joy when we live in a joint family. From our family, we receive unconditional love and support. We also get a significant emotional connection and constant family strength in our tough times from family.

All our teachers actively participated in the satsang and shared their experience.
